Over **100** inspiring  
ideas for the garden  
of your dreams

4

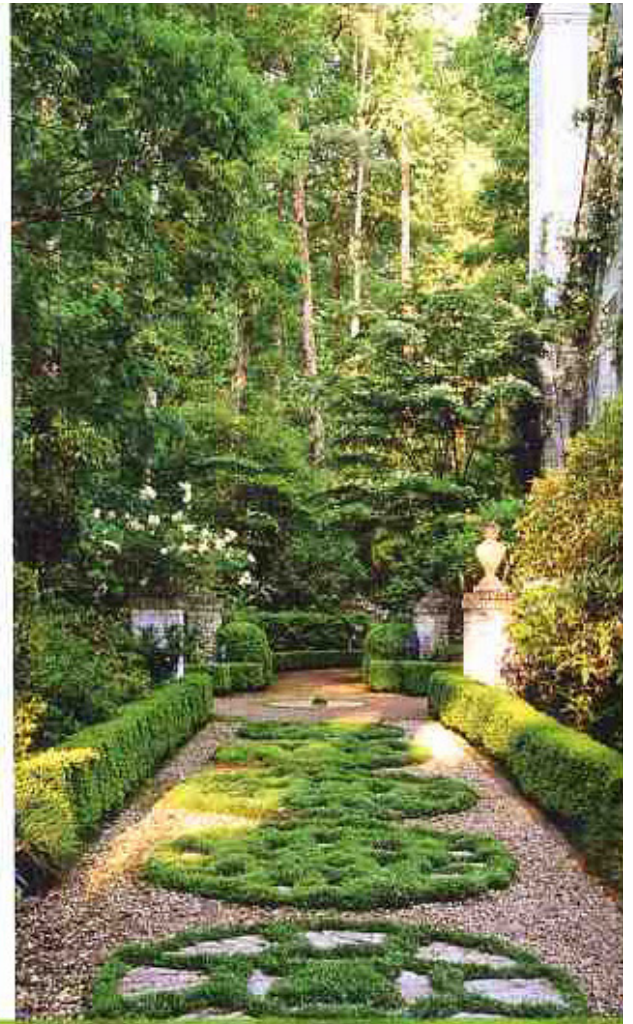

**4** In Atlanta, landscape architect William T. Smith planted tiny bluestar creeper that thrives around the five French buhrstones lining a millstone walk. Smith is a firm believer in listening to a site's existing architecture when designing a garden. "It will always tell you where to begin," he says.

Look inside for more than  
100 lush photos of the best gardens from the pages  
of *Southern Accents* magazine
